

The Vector

The next line of work.

₦165,000 price guide

THE IDEA

A vector: a precise line with direction and purpose. Stepped lapels and shaped elbows add geometry to a fitted jacket; a kick flare releases the line at the ankle.

THE PIECES

Geometric-lapel blazer · High-rise kick-flare trousers

FABRIC DIRECTION

Medium-weight suiting with enough structure for the stepped lapel.

WHERE TO WEAR IT

Presentations, everyday leadership, modern corporate dressing.

STYLE & FIT

Keep the inner layer close to the body and use a clean, pointed shoe. Check bust closure, elbow movement and the height where the flare begins.
